Please call the school or stop by to register your child

Attendance

Winter weather, the snow and cold temperatures, can present challenges to getting children to school. So can colds, fevers and earaches that seem to increase during the winter months.

There's not much we can do about the weather, but we can remind our children that hand washing is important in helping them stay healthy and we can have a back-up plan to get our children to school if, for instance, our vehicles won't start. Let's continue to build the habit of good attendance during the winter months as we look forward to Spring!

Tipi Teachings

We are currently working on the Tipi Teaching Thankfulness. When we demonstrate thankfulness we learn to give thanks for all the kind things others do for us and for the Creator's bounty, that we are privileged to share with others in the spirit of love. Thank you to all the families of QM who work so hard to have your children here every day. We appreciate you.

On February 12th, we will begin a new Tipi Teaching. Sharing (Pähkwenamatowin), we learn to be part of the family by helping in providing food or other basic needs. This is sharing responsibilities in order to enjoy them. We also share our knowledge with each other. Teachers and students have so much to learn from each other.
