Good Child Rearing

I must be self-determined to express and to encourage my children to have self-respect and good behaviour. The children should be taught how to respect their parents, guardians and elders also to take pride of our Indian ancestry.

Children are unique and blessed with the gift of life, we are responsible for their well-being, spirituality, emotionally, physically and for their intellectual development. They represent the continuity of our circle of life which we perceive to be the Creator's will. ~Elder Mary Lee

Hope

We must look forward to moving toward good things. We need to have a sense that the seeds we are planting will bear fruit for our children, families, and communities.
~ Elder Mary Lee

I must hope to have self-confidence and trust for the best and better things of my Indian life at the present moment and in the future.

Principal's Message

Time flies when you're having fun! We are in the homestretch for the end of school year and it will be June before we know it! Last week report cards were sent home and teachers made phone calls to parents. If you were not available to talk to your child's teacher, please call the school. We would love to be able to discuss your child's progress! If your contact information has changed, please call the school to update.

Spring is here and our playground has too many opportunities for puddle jumping! Please make sure to have your child dressed for the weather. It may also be a good idea to pack extra socks and pants in the case that the puddle jumps up ;)

Another big Queen Mary celebration is seeing students back in the building! I want to thank everyone for continuing to support COVID guidelines and protocols by keeping students home when ill. We appreciate the support!

As usual, please call the school if you have any questions or concerns. We are here to help support your child's learning.

Yours in Education,

Principal
Kari Korczak
