Strength

We are not talking about physical strength, but spiritual strength. That was instilled in us when we were young people through fasting. We must learn to be patient in times of trouble and not to complain but to endure and show understanding. We must accept difficulties and tragedies so that we may give others strength to accept their own difficulties and tragedies.
- Elder Mary Lee

I must be strong and brave since our ancestors stressed the strength of character. Bravery, honesty, and kindness are the important qualities for Indian people.

Sharing

We learn to be part of a family and community by helping with the provisions of food and other basic needs. Through the sharing of responsibilities we learn the value of working together and enjoying the fruits of our labour.
- Elder Mary Lee

I must share my Indian values and whatever I have to my fellow Indian people. Sharing is the most important value in Indian society.
